COUNTY OFFICE BUILDING PLAN MEETS FUNG SNAG; REMOVAL THREAT VOICED

San Mateo May Seek to Block Federal Aid
For New Office Space; Board Agrees
Not to Use Recreation Funds

The proposal to build a new county office building in Redwood City met with two obstacles at the board of supervisors' meeting Monday which, it is feared, will materially delay acquisition of the much-needed structure.

The first snag was hit when the board passed Supervisor Albert Witt Jr.'s motion not to take money from the \$20,000 land acquisition fund for the \$65,000 purchase of the Hansen property at Marshall street and Middlefield road.

The second came when Eugene Signarowitz, secretary of the East San Mateo Improvement Club, threatened to take steps to prevent a federal grant being won by the county for the proposed \$100,000 structure.

The county recreation commission, in a letter signed by L. Herbert Harris, president, and Mrs. Sophie Root, secretary, caused the first dispute over the building when it protested use of funds which it said had been set up for recreational lands.

OPPOSE FUND USE
Although Asst. Dist. Atty. Daniel Sullivan advised the board it could take the money from the land acquisition fund by a four-fifths vote regardless of desire of the recreation commission, the board by a 3-2 vote passed Witt's motion, seconded by Walter High, not to touch the funds and to go on record as opposing such transfer of funds set up for certain purposes.

Supervisors John Poole, Redwood City, and Fred Beer, San Carlos, opposed the move. Board Chairman Manuel Francisco joining Witt and High in passing the motion, which was done without discussion other than the asking of advice on several points from Attorney Sullivan.

SEEK OTHER FUNDS
Following the session, Supervisor Poole said that attempts would be made to find the \$65,000 in other funds, and that the purchase, voted last Monday, would be consummated as soon as it could be agreed where the funds should be raised. The money could be taken from the \$50,000 building fund es-

NEW SEQUOIA MEN'S SHOP OPENS HERE

Mackler, Proprietor,
In Clothing Trade
For 25 Years

Opening of the Sequoia Men's Shop, newest addition to Redwood City's business district, located at 2653 Broadway takes place today.

B. F. Mackler, proprietor of the new store, has been actively engaged in the clothing business for the past 25 years on the peninsula and in the bay area. He has acted as buyer, department manager, and owner of several large men's wear organizations. He comes to Redwood City from San Mateo and with his family will move to this community shortly.

The new store has been completely re-modeled; latest French style windows will feature the entrance, cut far back into the interior to give ample room for display of merchandise.

The fixtures are modernistic in design and are arranged to most conveniently serve the customer. Special fitting rooms have been installed.

There will be 1500 square feet of floor space in the store. Mr. Mackler states that he will carry a complete stock of nationally-known merchandise and advertised lines manufactured in California.

COLUMNIST TAKES BRIDE

published this year, or from the unbudgeted reserve, according to Attorney Sullivan.

Signarowitz had appeared to demand that Chairman Francis appoint a committee to study the proposal to move the county seat to San Mateo.

After reciting that as far back as 1873 there was agitation to change the seat of government, Signarowitz demanded to know: "Why should another piece of property be bought now to provide an extra burden?"

"I think the board chairman should appoint the committee it authorized him to name, or else say why not," he declared. "I think sufficient time has now elapsed."

FRANCIS ASKS TIME
Defending his delay, Chairman Francis said:

"I want to take some time about appointing this committee. I don't want to be rushed. I've selected three or four, but I want to take my time on the rest."

"Well, we're very sincere in this matter," countered Signarowitz. "We may go to the United States government to protest the granting of any funds to aid the office building. We'll present them with the facts and show them that there's dissatisfaction with having the courthouse at Redwood City. We're simply warning you to that extent."

BELMONT OFFERS SITE
At this point, Mayor C. L. Jordan of Belmont, who had been sitting in the audience, rose and remarked, "Why not move the county seat back to Belmont where it started? We'll offer you plenty of land for a site."

After laughter had subsided, Chairman Francis concluded the discussion with assurance to Signarowitz that he would "soon complete the committee."

BOARD AGREES HATCH, JAMES WON ELECTION

Supervisors Certify
Returns; High Still
Uncertain of Move

Acting unanimously, the board of supervisors Monday voted to certify elections of James S. James, Alvin S. Hatch and John W. Poole to supervisorships they won in the November 3 election.

With rumored opposition to certifying the election failing to materialize, the board voted, on motion of Supervisor Fred Beer each time, that:

1. Official canvass of the votes be declared completed.

2. A resolution be adopted directing the county clerk to notify the secretary of state of the result of the election.

3. That Poole, Hatch and James be declared elected.

4. That the result of the vote on the provision clarifying the charter be submitted to the legislature for ratification.

Before the supervisory session, Supervisor Walter High, just returned from Los Angeles where he completed negotiations to buy a Fresno automobile agency, said he was still undecided whether he would fight to retain his supervisors' office despite election of James to succeed him.

Neither would High say if he would resign his Burlingame council post, nor would he disclose if he would personally manage the Fresno business.

"I expect to maintain legal residence in Burlingame for the time being at least," he admitted, however. "I don't know, though, if I or Edward George, my Burlingame manager, will run the Fresno business. I expect to start it, but I don't know if I'll stay down there."

Loma Mar Store Gives Up Four More Machines

For the third time in six months, Walter G. Lang, Loma Mar store-keeper Monday faced charges of possessing illegal slot machines.

Working on Sunday, Special Investigator James O'Hanlon and Special Deputy Sheriff Richard Arnold raided Lang's store.

The officers found four nearly new coin devices. An unidentified WPA worker told raiders he had just lost \$15.

The surprised proprietor, who reportedly ejaculated "What again!" already has paid two \$100 fines.

At the time of his other two arrests, Lang was postmaster for the mountain community, but has since resigned, O'Hanlon said.

ARTHUR ELLISON DIES

Masonic funeral services will be held tomorrow at 2 p.m. at the Anderson mortuary, San Francisco.

Loyal Cruiser Suffers Damage From Torpedo

Italy Resents Query;
Nazi Light Cruiser
Reported at Scene

MADRID, Nov. 23 (U.P.)—Foreign submarines have attacked the Loyalist fleet at Cartagena, the great naval base on the southeast coast, the government charged today in an official communique.

The communique, issued by the ministry of air and marine, asserted the submarines damaged the cruiser Miguel de Cervantes.

WASHINGTON, Nov. 23 (U.P.)—The state department today ordered the American embassy in Madrid closed.

and fired torpedoes at the cruiser Mendez Nunez at the entrance to Cartagena port.

It was asserted emphatically that there were at least two submarines and they necessarily were foreign ones because the Nationalist Insurgents, in their tiny navy, have no submarines.

LIGHT CRUISER NEAR
(Copyright, 1936, by United Press)

LONDON, Nov. 23 (U.P.)—A report in responsible British circles that a German light cruiser was in the vicinity when the Madrid government cruiser Miguel de Cervantes was crippled by an explosion on Sunday, was believed to have been the reason for intense diplomatic activity behind the scenes in London yesterday and today.

It was surmised that information about the explosion was in the hands of Admiral Sir Ernle Chatfield when he discussed the incident with five members of the cabinet yesterday.

It also was assumed that Prime Minister Stanley Baldwin discussed it with Joachim von Ribbentrop, the German ambassador.

ITALY RESENTS QUERY
ROME, Nov. 23 (U.P.)—Officials refused today to deny or confirm whether there were Italian submarines in Spanish waters.

While official quarters expressed anger that such a question should be asked, it was said Italy was prepared "in principle" to take drastic measures to prevent Soviet aid reaching the Loyalists or the establishing of a "Red" republic in Spain. Italy hopes the Spanish crisis will be dissipated before "drastic measures" became necessary.

BRITISH READY TO ACT
LONDON, Nov. 23 (U.P.)—British ships on the high seas will be protected against interference by either side in the Spanish wars, Foreign Secretary Anthony Eden informed the House of Commons today.

"His Majesty's ships, if necessary, will protect British merchant ships on the high seas against interference by either party to the Spanish conflict outside the three-mile limit," Eden announced.

REBELS SHELL CITY
MADRID, Nov. 23 (U.P.)—Rebel artillery started shelling Madrid this afternoon, dropping four shells on the center of the city.

One shell landed 10 yards from where a United Press correspondent was writing this dispatch. Another hit the roof of a house near the telephone building.

It was reported the Rebels during the night launched a vigorous offensive against University City and the sector west of the capital, using tanks, machine guns and trench mortars.

After a battle of two hours, they were reported to have been compelled to withdraw to their former position.

Patricia Marcus Celebrates Birthday

Little Patricia Ann Marcus celebrated her fifth birthday anniversary with a party last week at her parents' home, where decorations were carried out in a Thanksgiving motif.

Games were enjoyed by the children invited: Bobby Poole, Tommy and Nancy Ann Walker, Doris Jean Stevens, Joyce and Janet Bevilockway, John Spinas, Patricia Hoffman, Joan Pantell of San Francisco, Jane Ann Hoskins of Tracy and Henry Olson of Burlingame.

M'GRATH SAYS HE WILL NOT RESIGN POST

Sheriff Denies Rumor
Witt to Get Post
In Maneuver

Although the story was denied by the official himself, a rumor was making rounds of county courthouse corridors this morning that Sheriff James J. McGrath soon would resign his post to accept a position with a brewery firm and that through a series of political maneuvers Supervisor Albert Witt Jr. of Daly City would win the sheriff's post.

The report was to the effect that when McGrath resigns, which would be before January 1, Supervisor Witt would quit the supervisors' office which he holds until the first of the year; that influence would be brought to bear on Governor Merriam to appoint someone favorable to Witt to fill out his term until Supervisor-Elect Hugh H. Smith takes office, and that the new supervisor acting with Supervisors Walter High and Manual Francis, political allies of Witt, would name him sheriff, although they might encounter opposition of Supervisors Fred Beer and John Poole.

Already, according to the rumor, Police Chief John J. Harper and Constable Lou Cavalier of Burlingame, have been mentioned for the sheriff's post, in addition to Witt. But McGrath himself, upon being informed the rumor, vigorously denied the report.

"It is all poppycock," "I never heard of it," "There is nothing to it," were the expressions Sheriff McGrath used in denying he intended to quit.

Two Seriously Hurt In Napa Plane Wreck

NAPA, Cal., Nov. 23 (U.P.)—An airplane crash at the Stewart Airport, four miles south of here today sent two men to emergency hospital with injuries which may prove fatal.

The men were Jack Pearson, 30, Napa, who suffered lacerations and possible internal injuries, and Lou Butler, 40, Vallejo, who suffered a crushed chest.

The crash occurred when the plane, piloted by Pearson, "winged over" during a steep bank on a practice flight. The ship fell several hundred feet.

S. F. DOCK STRIKERS PICKET CITY HALL AND SKYSCRAPER

SAN FRANCISCO, Nov. 23 (U.P.)—Striking maritime workers picketed the Standard Oil building in the financial district today, and sent 1000 dock and marine strikers to city hall for picket duty there.

Picketing of the city hall coincided with the board of supervisors' discussion of repeal of an anti-picketing ordinance.

At the Standard Oil building, one of the city's largest skyscrapers, strikers were protesting the imprisonment of seven maritime workers convicted of possessing dynamite during an oil tanker strike 20 months ago.

Edward F. McGrady, government troubleshooter, met with coastwise schooner operators today in an attempt to crack the Pacific coast maritime strike deadlock which now threatens to thwart predictions of the greatest holiday prosperity in the west since pre-depression days.

For the third time McGrady will attempt to break down the employer-union stalemate.

BANANA CARGO DUMPED
PANAMA CITY, Nov. 23 (U.P.)—Two United Fruit vessels were forced by the American seamen's strike to dump 104,000 stems of bananas at sea, it was revealed today.

The Talamanca arrived and reported she had to dump 52,000 stems, and that the steamer Antigua dumped 52,000. The Talamanca reached port here without a single pound of cargo nor a passenger from the west coast.

1 Dead, 1 May Die After Car Crashes Truck

Belmont Woman Dies
In Train Mishap
At S.F. Depot

Death shunned San Mateo county's highways in the heavy post-Big Game traffic but took the life of one man and left a woman critically injured as the result of a terrible rear-end collision in the fog early on Monday near Lavalade.

Still another fatality struck at San Mateo county, if not occurring within its borders, Mrs. Anna Christiansen, 28, of Belmont, meeting a cruel fate late Saturday beneath the wheels of a moving train which she attempted to board at Fourth street, San Francisco.

TERRIFIC IMPACT
Horrible even highway patrolmen hardened by the grim sight of many of the accidents which in 1936 have brought death to 60 traffic victims, the rear-end collision on El Camino Real at 3 o'clock also left another man, Ira Erickson, San Francisco, seriously injured with a possibly fractured skull.

This injury was caused by the tail gate of the vegetable truck, the rear of which was hit by the car believed to have been driven by Erickson, having been forced back into the coupe. A fractured skull cost the life of Edwin Huffman, 24, San Francisco, unemployed bartender and passenger in the car which skidded 210 feet before smashing into the truck, and then careened another 97 feet afterwards. He was dead on arrival at a San Francisco hospital.

IN CRITICAL STATE
Also suffering from a fractured skull, Mrs. Helen Rounsaville, 22, San Francisco, "in a very critical state," was transferred on Monday from Mills Memorial Hospital to the Community Hospital, San Mateo, Erickson, who faces possible charges of negligent homicide and is being held under \$2000 bail, is also hospitalized at Community Hospital.

The vegetable truck was driven by Carl Molinari, Colma.

Whether William Brown, son of former Supervisor Rosalie Brown, is still on the county payroll remained a moot question yesterday after he and County Engineer U. S. Marshall, in whose department he has been employed, met in the courthouse.

"He was discharged, all right," Marshall said, "effective November 14. And I think he'll turn in his car without trouble."

Asked if the discharge had been in writing, Marshall answered, "No, I just told him he was through."

Marshall admitted that John J. Fahey, who was supposedly discharged with Brown, was still on the payroll.

Later Brown, encountered by reporters in the courthouse, showed no hesitancy in discussing his case. "When Marshall approached me this morning, he asked me if I'd turned in the car," Brown said. "I told him 'No.' 'Well, you'd better,' he told me."

Brown blamed his supposed discharge on Supervisor Fred Beer. "I may get definitely fired all right, but I think it ought to be by County Manager Kellogg. He hired me. If he asks me to turn in my car, I'll do it," he concluded.

Coffin 'Bed' Found On Woodside Estate

San Mateo county peace officers had a slightly used casket on their hands yesterday as the result of an expedition after quail by Harold Hollyfield, Burlingame clerk.

Hollyfield, passing the Hooper estate southwest of Woodside, noticed the coffin in a field and hastened to the Sheriff's office to report his find.

Deputy Sheriffs Matt Farrell and Thomas Malone returned with him to investigate and found the casket contained a pillow, a quilt, a canvas sheet, some strands of rope and a railroad flare.

Officers said they thought it had been used by Sanford University fraternity men in initiation ceremonies.

RAINS LOOSE FATAL SLIDE ONTO JUNEAU

Fire Starts As Rescue
Squads Seek Victims
In Buried Homes

JUNEAU, Nov. 23 (U.P.)—Fire started today in the ruins of five houses, adding to the horror of a landslide of tons of mud and debris that roared down Mt. Roberts last night, killing one woman, injuring nine persons and possibly burying unknown numbers.

Hope was abandoned for any persons who might have been caught by the slide. Four persons were reported to have been standing in a street as the slide plunged down the side of the mountain, which overlooks the city.

The spot was covered with mud and trees piled 20 feet high.

Firemen today battled frantically to prevent the fire from spreading. The flames were deep in the debris and will have to burn themselves out.

When the slide occurred five apartment houses were struck. Three were splintered, and two were buried under a sea of mud.

Mrs. Gust Erickson, nee, wife of a laborer, was the only known victim. Her husband, first reported killed, was injured. The slide, worst in Juneau's history, was the result of torrential rains.

Russo-Reich Tension Near Breaking Point

BERLIN, Nov. 23 (UP)—German newspapers, under government control, angrily denounced Russia today while the cabinet awaited the reply to a vigorous protest made by the embassy at Moscow against the death sentence given a German engineer, E. M. Stickling, charged with sabotage.

Schulenburg demanded that as a first step a pardon be granted Stickling at once, preliminary to his complete vindication of charges. Diplomatic circles believe Ger-

2 Dead in Crashes Near Sacramento

SACRAMENTO, Nov. 23 (UP)—Two persons were killed in the Sacramento area by week-end automobile accidents.

Mrs. Lorraine Shaw, 33, Sacramento, was injured fatally when the car in which she was riding crashed into a subway safety "island." Fred Merritt, 30, Klamath Falls, Ore., driver of the car, was being held by police pending possible charges of negligent homicide, officers said. He was not injured seriously.

George Coleman, 74, Sylvan Corners farmer, was killed when a car driven by R. P. Driven, Chico, struck him as he walked across the highway near his home. The accident was termed unavoidable.

1936 'NUTTY' YEAR

BERKELEY (UP)—The present year is one of the "nuttiest" for the past decade, according to forestry officials of the University of California. What makes 1936 "nutty" than other years is the fact, they explain, that it is "mast" or seed year. It is during "mast" year that there is a greater yield of nuts on all trees and of bigger acorns on oaks.

As cooks, we women have a few more things to be thankful for than our grandmothers did around Thanksgiving Day. We can get the butcher to pick the pinfeathers out of the festive bird, we can buy the finest of green vegetables at a reasonable cost in spite of the season, we can have the finest turkey, cranberry and milk (of course I mean Golden State!) at a moderate price and without trouble, and we don't have to think about feeding coal and wood to the stove.

And, best of all, we don't have to fret over the dessert problem any more. After a big, hearty Thanksgiving feast there is no dessert more appetizing and attractive than a Golden State Ice Cream Brick. In honor of the occasion, Golden State offers an extraordinarily good and distinctive combination. Black walnut ice cream, macaroon bisque and cranberry ice. Gorgeous to look at and to eat. Grave Diggers' Strike Threat Brings Parleys

San Mateo county and San Francisco health authorities today were debating what action to take if arbitration of a grave diggers' strike, called for Friday, is not successful.

The strike, decided on Saturday for this week, would affect 160 employees, and would completely halt all burials in San Francisco

and the Colma area of San Mateo county, according to J. J. DeHaven, secretary of the Associated Cemeteries, located near Colma. Workers are asking an increase from their present \$5.37 1/2 cents a day to \$5.75.

Health Director Charles Gans of San Mateo county, under whose jurisdiction the cemeteries are located, said, after conferring with cemetery officials, that he expected settlement of the strike before any health problem is presented.

Beach wraps for 1937 are already being shown in London.

who said that the Eagles' lodge had pledged \$10.

Memberships, ranging in price from \$1 up, may be obtained at any of the Redwood City banks or at The Tribune office.

HAWAIIAN TONGUE WORDY

Seattle Mayor Dore Faces Recall Move

SEATTLE, Nov. 23 (P)—Recall of Mayor John F. Dore of Seattle was demanded in a petition filed with City Comptroller Harry W. Carroll today by a citizens recall committee of 26 men and women. Mayor Dore, who took office last June after serving a previous term in 1932-34, was charged with misfeasance and malfeasance in allegedly failing to preserve law and order. Violence in numerous recent strikes, notably that of the American Newspaper Guild, August 13 which closed William Randolph Hearst's Seattle Post-Intelligencer, was cited as warranting the mayor's removal.

High Court Upholds Job Insurance Law

WASHINGTON, Nov. 23 (P)—The supreme court, by virtue of an evenly divided court, today affirmed the decision of the New York State Court of Appeals upholding the state unemployment insurance legislation. The New York state act is generally similar to state legislation required under the new federal social security act.

The court was divided four to four. Justice Harlan F. Stone being too ill to participate.

CHURCH HOUSES 3 FAITHS
PARMA, Mich. (P)—This is perhaps the only city in the world with three religious denominations using the same church. Faced with financial distress in 1925, the Baptist, Presbyterian and Methodist churches evolved a plan of uniting under one roof, yet maintaining their individuality.

Card Poloists Fight for Coast Title Tomorrow

STANFORD UNIVERSITY, Nov. 23—Having been forced by California's 1-0 victory at Berkeley Saturday into a playoff for the conference title, Stanford's varsity water polo team made ready today to fight for its 21st Pacific coast title tomorrow afternoon at 3:30 o'clock in the Stanford pool. Don Peterson of Redwood City will be depended on heavily by Coach Nort Thornton to provide a sturdy defense at guard and spark the Cardinal attack by leading the quick-breaks from in front of the Red Shirts' cage.

McWilliams May Win U. S. Attorney Post

Political gossip reported from Palm Springs by Earl C. Behrens, San Francisco political writer, has it that Asst. U. S. Atty. Robert L. McWilliams of Hillsborough may soon become U. S. attorney, succeeding Henry H. McPike.

Behrens said that a "Democratic big wig" from Washington reported it likely that McPike will lose his lucrative position, as might also Immigration Commissioner Edward W. Cahill of San Francisco. McPike's removal would be because he has failed to retain favor of George Creel, Democratic power, Behrens said.

A 53 per cent increase in tourist travel for the first 10 months of 1935 was reported by the California Department of Motor Vehicles.

DIVES 90 FEET FOR \$1

TACOMA, Wash. (U.P.)—Armand W. Milleson, 21, did a "Steve Brodie" here to collect a dollar bet. He dived off a 90-foot bridge into the city waterway. He was picked up by the city fire boat and taken to a hospital, suffering shock and exposure. His hospital bill was considerably more than the dollar he won.

Clark III of the Montana copper fortune, faced Mrs. Christine Fitzpatrick (left), blonde mother, in a Los Angeles court as defendant in a \$150,000 suit for alienation of the affections of Michael A. Fitzpatrick (center), former ship's purser. Mrs. Clark on the witness stand hotly defended an "entirely platonic" friendship with Fitzpatrick, while Mrs. Fitzpatrick charged the widow "dazzled" her husband with wealth.
